## Education

### Siliguri Institute Of Technology

*B.Tech in Computer Science*

June 2025

*GCPA:8.2*

### Lincolns High School

*Higher Secondary*

April 2020

*75%*

## Skills

**Languages:** C++ — JavaScript — HTML — CSS — SQL

**Frameworks:** NodeJS — ExpressJS — ReactJS — Tailwind CSS — Firebase — RestAPI

**Tools:** Postman — GitHub — Git — MongoDB

**Platforms:** Visual Studio Code — Linux

**Problem-Solving:** Data Structures — Algorithms — Team Collaboration — Technical Documentation

## Projects

### Firstissue.dev | *React, supabase, Github OAuth* [LIVE DEMO](#)

- Core Features: Developed a GitHub-powered platform for beginners to find and track open-source issues with real-time filters.
- User System: Integrated secure GitHub OAuth via Supabase, enabling personalized bookmarking and contribution status tracking.
- Technical Stack: Built with ReactJS, Supabase, TailwindCSS, and deployed on Vercel with a custom domain.

### Imagination | *MERN Stack, Razorpay* [LIVE DEMO](#)

- Innovation: Created an advanced text-to-image generator with secure payment integration via Razorpay.
- Frontend: Crafted responsive UI using React and Tailwind CSS for optimal user experience across devices.
- Architecture: Implemented modular design patterns and version control for scalable development.

### RAHi | *React, Firebase, GeminiAPI* [LIVE DEMO](#)

- Smart Travel: Engineered an AI-powered trip planner leveraging React.js and Tailwind CSS.
- API Integration: Successfully integrated Google Places API for location data and OAuth for authentication.
- Real-time Features: Utilized Firebase for storing user itineraries and integrated GEMINI API to generate personalized travel plans.

## Internship

### Teaching Assistant Intern | *Coding Ninja*

Oct. 2023 – Jan. 2024

- Query Resolution: Achieved 4.7/5 rating while solving 1000+ student queries in full-stack development.
- Mentorship Impact: Provided personalized guidance to 70+ students, improving their coding skills through detailed code reviews.
- Learning Environment: Enhanced student engagement through supplementary resource creation and efficient doubt-solving mechanisms.

## Achievements

### Backend Executive @GDSC SIT

2023 – 2024

- Leadership Impact: Enhanced communication and mentorship capabilities by guiding 50+ diverse students.
- Soft Skills Growth: Cultivated strong empathy and patience while providing personalized assistance.

### Hackathon Champion

Tech Frenzy 2023

- Team Achievement: Led Team CODE-100 to victory in SIT's prestigious 24-hour hackathon among 30+ teams.
- Technical Excellence: Showcased exceptional problem-solving abilities through innovative solution development.

## Certificates

### Certificate of Excellence in Frontend [LINK](#)

- Mastered frontend technologies including HTML/CSS, React.js, and modern JavaScript ES6+ features

### Certificate of Excellence in Backend [LINK](#)

- Developed expertise in Node.js, Express.js, and MongoDB through intensive training and practical projects
- Implemented secure REST APIs, authentication systems, and database optimization techniques
