EDUCATION

Siliguri Institute Of Technology — June 2025
B.Tech in Computer Science — *GCPA:8.2*

Lincolns High School — April 2020
Higher Secondary — *75%*

SKILLS

Languages & Frameworks: C++, JavaScript, Node.js, Express, HTML/CSS, React, Tailwind CSS

Databases: MongoDB, RDBMS

Tools: VS Code, GitHub, Linux

Problem-Solving & Collaboration: Strong in algorithms, data structures, and team projects, including Agile environments

PROJECTS

Netflix-Gemini | *React,Firebase*

 Netflix-Gemini.com

- Developed Netflix-Gemini using ReactJS and Firebase for secure authentication.
- Integrated GEMINI API to assist users in finding personalized movie recommendations.
- Designed a user-centric platform for seamless movie browsing and enjoyment.

Imagination | *MongoDB, ExpressJS, ReactJS, NodeJS and Razorpay*

 Imagination.com

- Developed a text-to-image generator with secure Razorpay integration and full authentication.
- Designed a responsive UI with React and Tailwind, ensuring seamless user experience.
- Leveraged modular architecture, clean code, and Git for efficient development and deployment.

RAHi | *React, Firebase, GeminiAPI, Tailwind*

 Rahi.com

- AI-powered trip planner using React.js and Tailwind CSS to streamline and enhance the trip planning experience.
- Implemented Google Places API for real-time location data and Google OAuth for secure user authentication.
- Leveraged Firebase for real-time data management and GEMINI API to generate personalized travel itineraries, reducing user effort and planning time.

INTERNSHIP

Teaching Assistant Intern | *Coding Ninja* — Oct. 2023 – Jan. 2024

- Resolved 1000+ student queries in full-stack web development with an overall rating of 4.7/5.
- Mentored 70+ students, providing personalized support to enhance coding skills.
- Enhanced learning environment through engagement, code reviews, and resource creation.

ACHIEVEMENTS

Backend Executive @GDSC SIT — 2023 – 2024

- Enhanced communication and leadership through mentoring diverse students.
- Developed patience and empathy while assisting students.

Hackathon Achievement: Tech Frenzy Winners with Team CODE-100 Won the Siliguri Institute of Technology's 24-hour hackathon, Tech Frenzy, with team CODE-100, demonstrating exceptional problem-solving and teamwork skills.

- Solved 200+ LeetCode problems, strengthening problem-solving and coding skills.

CERTIFICATES

Certificate of Excellence in Frontend
  * Recognition for outstanding skills in frontend development.
  * FRONTEND

Certificate of Excellence in Backend
  * Recognition for outstanding skills in backend development.
